

MOVING WALLS

MOVING ACOUSTIC PANEL

The Moving Acoustic Panel is part of the multifunctional office system by Moving Walls. The functional acoustic panel improves the room acoustics and simultaneously serves as a pinboard. Easy to attach onto and detach from the Moving Wall as well as to the especially designed wall-mounted rail-system, the Moving Acoustic Panel serves as a flexible room divider and to support a pleasant room atmosphere. In combination with the Moving Panels, a versatile system for collaborations emerges. The Moving Acoustic Panel is available in the standard colours anthracite and stone grey.

Designer: Jörg Boner.
Made in Switzerland.

DESCRIPTION

Mobile, pinable acoustic panel

SURFACE

High performance, dry erase surface; one of the best whiteboard surface available through unique coating; tested in global network and diverse climate zones

DIMENSIONS
