

MOVING WALLS

MOVING WALL

The magnetic, writeable wall Moving Wall is a tool for agile working and mobile space making. In contrast to the classic whiteboard, the high-end, mobile wall allows for innovative collaboration methods and is thus an essential tool for future-oriented work processes. Conceptualised as an individual element, the tool is absolutely modular and can be strung together as often as desired in a straight line or as a circular arc – without interrupting the flow of writing. The easy assembly facilitates a speedy transport, making the Moving Wall also a great mobile room divider as well as a helpful storage facility.

Designer: Jörg Boner.
Made in Switzerland.

DESCRIPTION

Mobile, magnetic, writable and connectable wall

SURFACE

High performance, dry erase surface; one of the best whiteboard surface available through unique coating; tested in global network and diverse climate zones

SIDE B

SIDE A

DIMENSIONS
