

## MOVING WALL

The magnetic, writeable wall Moving Wall is a tool for agile working and mobile space making. In contrast to the classic whiteboard, the high-end, mobile wall allows innovative collaboration methods and is thus an essential tool for future oriented work processes.

Conceptualised as an individual element, the tool is absolutely modular and can be strung together as often as desired in a straight line or as a circular arc - without interrupting the flow of writing. The easy assembly facilitates a speedy transport, also making the Moving Wall a great mobile room divider as well as a helpful storage facility.

**DESIGNER** Jörg Boner

**MADE** In Switzerland
